Blue Generation Fabric Guide

Moisture Wicking (Pages 9-15, 19, 21, 23-29): 100 percent polyester high-performance knit possessing the unique ability of a fiber to disperse moisture and allow it to pass through the surface of the fabric so evaporation can take place. Keeps you cool, dry and comfortable. Wrinkle-resistant, resists fading, easy care.

Moisture Wicking Snag Resistant (Pages 9-14, 20, 22-26, 28, 74-75): Along with the ability of the fiber to disperse moisture and allow it to pass through the surface so evaporation can take place, this fabric is tightly knitted and treated to resist snagging. Keeps you cool, dry and comfortable. Wrinkle-resistant, resists fading, easy care.

Stretch Knit (Pages 16-17): A unique blend of 95 percent soft, combed, ring-spun cotton and 5 percent spandex, resulting in a certain degree of natural stretch and allows fabric extra give. Fabric has a flat surface and appearance.

Egyptian Cotton Pique (Page 39): 100 percent ring-spun cotton made in Egypt provides ultimate comfort as only cotton can. Pique is characterized by a subtle waffle or diamond-shaped pattern. Fabric is treated with stain release.

60/40 Cotton/Poly Blend Pique (Pages 30-33, 38, 68): Superblend™ cotton rich pique is a special blend of 60 percent cotton for comfort and 40

percent polyester for durability and easy care. Pique is characterized by a subtle waffle or diamond-shaped pattern. Stain release and wrinkle-resistant.

65/35 Poly/Cotton Blend Pique (Pages 34-37, 67): Easy care 65/35 poly/cotton blended pique with greater durability and wrinkle resistance. Pique is characterized by a subtle waffle or diamond-shaped pattern.

TEFLON® Treated Pique (Pages 78-79): Our most durable 65/35 poly/cotton pique treated with DuPont™ TEFLON® fabric protector for greatest stain release qualities. Wrinkle-resistant, resists fading. Pique is characterized by a subtle waffle or diamond-shaped pattern, easy care.

TEFLON® Treated Twill (Pages 80-81): Extremely durable, this 65/35 poly/cotton blended twill offers superior stain-release provide by DuPont™ TEFLON® fabric protector. The characteristic of all twill weaves is the diagonal lines, which are known for their strength and durability. Easy care.

Fine Line Twill (Pages 56-57): A luxurious lightweight 4.8 oz., 60/40 cotton/poly twill weave with a soft peached nap, produced by light brushing. The characteristic of all twill weaves is the diagonal lines, known for their strength and durability. Easy care, wrinkle-resistant.

Poplin (Pages 42-48, 50-51, 72): A plain weave fabric characterized by a slight ridge effect in one direction and produces a lightweight durable fabric. This 65/35 poly/cotton blend is offered in our most versatile Superblend™ collection in 5.5 oz. with stain release and a lighter weight 3 oz. fabric. Easy care.

Stretch Poplin (Pages 52-53): A unique blend of 58 percent cotton, 39 percent polyester and 3 percent spandex which creates a luxurious light flexible fabric with great shape retention. Easy care, stain release, wrinkle-resistant.

Denim (Pages 60-61): A durable twill weave 100 percent cotton fabric made with indigo-dyed and white yarns (weft horizontal, warp vertical) with indigo dominating the surface. Indigo fades over constant washing resulting in the unique look of denim.

Oxford (Pages 58-59, 69): A 60/40 cotton/poly blended woven fabric with fibers woven in 2x2 basket weave pattern, using two colors resulting in a unique two-tone, pinpoint effect. Stain release, wrinkle-resistant, easy care.

Cotton Twill (Pages 54-55): 100 percent cotton 6.5 oz. twill fabric known for its soft cotton touch and comfort. The characteristic of all twill weaves is the diagonal lines, which are known for their strength and durability.
